All is good

It was very good to teach the all Facilities some new experience we had to learn about

More effective way to teach

Still improvement

Good faculty

Provide the notes on time

Teachers are good experienced in some department

Usage of LCT will be more effective to learn.  
Students should get group discussions to understand the topics .  
Otherwise everything is best 👍

Overall teaching is good

\*\*\*

There are a lot of problems which have to be keenly observed and taken care of....

Very well

Good institution

Our institution provides all the facilities to the students

Good clg

Good

Teachers have to explain the concepts with more examples related in daily life.

The college does not conduct any exciting activities for the students  
They just brag about their infrastructure and make false promises. As there is a lot of internal conflict among the departments in the campus. And it leads to hindrance in studies.  
No proper library facilities. There is a lot of partiality

\*Please teach us to speak English

It's satisfactory

Good teaching, no suggestions

1. Discuss each and every line of syllabus after completing 1 unit .
  2. Provide homework and discuss in next class .
  3. Also encourage every student to do much in trust in studies, competitive exams and extra activities.
- Thank you

To applying new technology, to give field visit opportunities for students with related teachers,  
Arrange the study trip for students to learn the field work and improve the knowledge with practical way

Study trip

Required teaching staff, class rooms, hand mics.

1. Encourage the students for extracurricular activities.
2. We need improvement in teaching by facilities.
3. There is no field visit, study trip till date we need that one also .
4. Provide notes within the two to three days.
5. Please change the timetable it rearrange 10 AM to 9AM

The Teaching Skills Are Good But We Have To Improve Ourself

Better

Take class regular

Please teach us clearly

Equality should be their in between students and the teachers

Physics and chemistry teaching is not good in our college and maths teaching is excellent

Helps for compatitive exams and more composes needed in our institute

1) A fixed time-table with less to no gaps between each classes.( continuous classes with no gaps)

No suggestions

A fixed time- table with no gaps in between.

Provide enough books

Be more clear when instructing

Need to be more organized as last minute assignments are difficult to be completed.

Application based teaching, teaching helps to getting good jobs , encourage students to participate in other useful skills

improving in labarotory  
section

Improve and explain practically

Everything is satisfactory in our clg so no suggestions are necessary

Its good

- 1) firstly Punctuality of teachers
- 2) Appoint Some Good teaching skills teachers
- 3) Rearrange Library system: Like other colleges we should not take permission for reading the books
- 4) Reduce the garden area as it is a useless land make it available for students to sit and study
- 5) The teachers usually speak Kannada while teaching instead of English
- 6) Create a strict discipline for students mainly the uniform code

ICT tools should be used more. Soft skills should be given importance. Assignments should be taken strictly

1. Apparently it could be more helpful if the timings of the college are swapped
2. Probably the books in the library should be ample
3. Give us some practical knowledge apart from the syllabus to tackle our personal life too

Super

Everything is fine

- \* book facility is poor.
- \* no ground facility.
- \* there is no extra facility or chance to improve our knowledge's in study's.
- \* no encouragement's in competitive exams.
- \* poor in explaining details regarding syllabus.

Some teachers should improve the communication language because some time they become rude and use violent language in the class instead of handling smoothly

Teacher's are good

Teaching skills.

teaching is very good with deep explanation

..

They have to teach through LCD projector in every class.
